

We know that delicious food should be at the heart of life - and we settle for nothing less. With outstanding modern and classic Italian dishes, we offer something for everyone. Our ingredients are sourced from the finest Italian growers. Our chefs prepare each dish using only authentic recipes and skills, fresh for you each day - and bursting with passion and flavour. From its sun-drenched farmhouses, fields and vineyards, we bring you a taste of the true Italy.

When the quality comes to count we provide the best quality of pizzas in the area. When you order them, and still hot from the oven when you relish them! Reservations are not always necessary at Per Bacco, however we do advise you to make a reservation for late week-day evenings and weekends to avoid disappointment. Diners have the choice of enjoying their meals in the restaurant or in the lounge bar. We look forward to seeing you!
