

"Mister C's first opened in 1981 on Barlby Road, Selby, North Yorkshire in 1986, before moving to our present location on Micklegate We are a family-run business and still use the same batter recipe we used on the day we opened, 35 years ago.

We believe in using only the highest quality ingredients, which come fresh from the sea and straight from the soil. We use only MSC certified cod and haddock. Our Icelandic fish is fresh frozen, having been frozen within four hours of being caught. We serve our fish alongside the finest potatoes Yorkshire and Lincolnshire have to offer, resulting in our award-winning fish and chips."

Well they are clearly not only doing something right, but excelling at it! Mister's has recently been awarded in the Top 10 of the National Fish & Chip Awards by SeaFish. Fish and Chip Shop of the year for 2019.

That's some achievement out of all the Fish & Chip shops in the UK.
