

Established in 2011, Table Tots is a family owned small business that runs Baby and Tots Nearly New Sales around Yorkshire. We are not part of a national company, nor are we a franchise. Our aim is to bring together local families, in a warm indoor environment, to buy sell and exchange surplus nearly new baby & tots items up to age ten. Children grow out of things so quickly, sometimes before the item is even unwrapped or played with more than a couple of times. Local charities and fund-raisers are also welcome at our events with free space available by arrangement.

Our sales are extremely popular and the concept is simple, local families selling to local families and:-

Save from landfill

Recycle pre loved Items

Help young families on limited budgets

Bring local communities together at each event, also show casing local venues and activities

Sellers: Can book their table (stall) from our website www.tabletots.co.uk

Buyers and Bargain hunters! Typically queues start 30 to 40 minutes prior to the sale opening usually at 1pm (some sale times may differ, please check website for each individual sale/event)
