

We often think of the short dark days of winter as being the time of year when our homes are most at risk for burglars. In actual fact According to UK Crime Stats domestic burglaries are relatively static throughout the year. (Source www.ukcrimestats.com)

Crime and ASB Breakdown - May 2014

Crime and ASB Totals

There are various measures we all know we should put in place to ensure that we don't make

accessing out homes too easy for would-be burglars, but there's not greater peace of mind than having the latest Intruder alarm fitted.

Mayfair Security is an NSI (National Security Inspectorate) Gold Approved security provider. We install, maintain and monitor burglar alarms and intruder alarm systems throughout the Yorkshire region and the UK. Our team of industry specialists will take the time to understand your premises and your particular risks and situation before recommending the appropriate intruder alarm system to protect your premises. For Home Security, the Mayfair Security Smart Alarm, can be monitored by you via a Mobile App on your phone, tablet or PC.

Every bespoke security solution we design is competitively priced, simple to use, trouble free and effective at protecting your premises, business and your possessions. We can design a bespoke burglar alarm system which will meet the requirements of current UK and EU legislation, the Emergency Services and the Insurance industry. We work with the leading manufacturers to offer a range of products which will meet all budgets and insurance requirements.
